### NOTES TO FINANCIAL RESULTS:

The above results have been reviewed by the Audit Committee and approved by the Board of Directors at their meeting held on July 30, 1. 2020. The Statutory Auditors of the Company have carried out a limited review of the results for the quarter ended June 30, 2020.

2. The above is an extract of the detailed format of the financial results for the quarter ended on June 30, 2020 filed with the Stock Exchanges under Regulation 33 of the SEBI (Listing Obligations and Disclosure requirements) Regulations, 2015.

The shipping and offshore operations of the Group have continued, albeit with certain disruptions, following multi-country COVID-19 3. lockdowns. Operational challenges arising due to lockdowns including movement of manpower and materials are being appropriately addressed by the Management.

Offshore assets under term contracts with reputed customers continue to operate as per original schedules. For shipping, the impact of COVID-19 pandemic has been different across different types of assets. The volatility of freight rates has been higher than usual in some cases, but ships have continued to be deployed. Such enhanced volatility in markets has not materially impacted longterm rates considered in assessing recoverable amounts of the property, plant and equipment. The possible effects from the pandemic on the carrying amounts of receivables and unbilled revenues have been assessed, and carrying amounts of such assets are expected to be fully recoverable. The Group has adequate resources to meet its financial obligations in the foreseeable future.
